

Dock Star

Shipping

We ship the Smart Thruster and Installation Kits to the lower 48 states via UPS ground.

The Smart Thruster box is approximately 46" X 24" X 7" and weighs approximately 35 pounds. We charge a flat rate of \$75 to ship it anywhere in the 48 states. We have a distributor in Canada who will ship from Vancouver. Canadian orders will be referred to our Vancouver distributor.

Orders shipped to Alaska or Hawaii are charged the actual shipping cost.

Due to the value of the items shipped, we ship using UPS's signature required service. We apologize for this inconvenience but it is the only way we can assure you receive your product.

Thank you.
